

GS – PRELIMS SUPPORT PROGRAM (2021)

PRELIMS SUPPORT PROGRAM (2021)

What is PSP?

PSP is Prelims Support Programme especially designed to enable an aspirant for quick revision of both the Static and Dynamic content for Prelims. It is to help aspirants to consolidate the topics and test their understanding by solving MCQs related to the topic.

Why PSP?

Students often get confused as to what portion to focus upon – STATIC or CURRENT AFFAIRS. Given the uncertain nature of the exam, PSP offers a perfect solution by integrating both the aspects so that student has the right tools and mindset to tackle the vagaries of the examination.

Also, students find it hard to remember Current Affairs. PSP's integrated approach helps them organize such large information by not treating STATIC and CURRENT as separate blocks.

The course and the supporting material has been designed in such a way so that the students' learning outcome remains the focus.

KEY HIGHLIGHTS:

- One-Stop solution for GS Prelims examination covering both STATIC PORTION and CURRENT AFFAIRS SECTION.
- Complete course coverage in 3 months.
- Each class designed carefully to ensure continuous engagement and achieve better learning outcome.
- Meticulously designed study material in sync with the respective classes.
